EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Scholer on March 2, 2006.

The application has been amended as follows:

In claim 24, change dependency from "23" to - 22 --;

In claim 42, after "the pocket" on line 8, add -- , wherein said structure is further adapted to reflect light no matter which side or which end protrudes from the pocket --; and

Cancel claim 43.

2. The following is an examiner's statement of reasons for allowance: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest the structure having the first and second sets of opposite ends as recited in the claim, wherein the structure seats free of a fastener with in the pocket and reflects light no matter which side or end protrudes from the pocket as set forth in the claimed combination.

Art Unit: 2872

Schofield (US 6,142,640) discloses a structure having first and second sets of opposite ends (see Fig. 1) and seats free of a fastener with in the pocket (it is a credit card pocket mirror), but the structure does not reflect light no matter which side or end protrudes from the pocket.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
